A Community where we all Belong -

How can we develop a welcoming, hospitable, inclusive environment in our church community in which all feel genuinely welcome, and can grow to feel that they belong?

As a Parish -

- Befriend people who have recently joined our parish, and those who are particularly marginalised by society, such as homeless people, asylum seekers, refugees, people from the travelling communities
- Invite refugees or others seeking safety to come and speak to our congregation, and to attend other events and activities
- Invite people to join and speak at our parish groups and associations
- Celebrate the diversity of our community through activities, such as creating a map to show where the different members of our parish are from, or through organising groups such as an international meal out
- Support organisations and events seeking to offer information and hospitality, perhaps contact your local Caritas Agency – is one of them local to your parish? Find out at <http://www.csan.org.uk/member>
- Make sure our liturgy is inclusive, think about using different languages or asking for readers from different communities.

As Christians -

- Greet people with a smile
- Talk to people after Mass, especially those we have not seen before
- Invite people along to local events, or organise local events for them to come to
- Listen to those who feel most neglected or excluded, perhaps inviting them to speak or helping them access the support they need
- Educate ourselves – read testimonies from those who have been excluded; learn to greet people in their own language; be aware of prejudiced views about those seeking sanctuary in the UK – you can find some of this information at www.refugeecouncil.org.uk
